MEMORANDUM FOR: Director
Office of Information Technology

VIA: Associate Deputy Director for Administration

FROM: Deputy Director for Operations

SUBJECT: Installation of a Secure Telephone Unit
(STU-III) in the Office of the Deputy Director
for Operations

1. Action Requested: Undertake necessary surveys and provide one
(1) STU-III unit to the Office of the Deputy Director for Operations.

2. In addition to the STU-III units which we have requested for after-hours secure communications, I request one additional unit be allocated to the Office of the Deputy Director for Operations. This additional unit is required for secure communications with the Staff Directors of both the House and Senate Select Committees on Intelligence as well as with the various military commands with which our office is in frequent contact. In order to facilitate secure communications with these offices I would like a STU-III installed within my office in a location accessible to myself, the Associate Deputy Director for Operations, and my Special Assistants.

3. I would appreciate your effort in expediting this request.

25X1

Richard F. Stolz
